

	Type	Hits	Search Text
1	BRS	63	zero near intermediate near frequency and zif
2	BRS	4	zero near intermediate near frequency and zif and gain near feedback and dc and control near loop
3	BRS	3	zero near intermediate near frequency and zif and gain near feedback and dc and control near loop and constant and level and power
4	BRS	4	zero near intermediate near frequency and gain near feedback and dc and control near loop
5	BRS	3	zero near intermediate near frequency and gain near feedback and dc and control near loop and constant and level and power
